

SAW³⁷GT

Precision Ground, Hard Tooth, Ultimate Performance Bandsaw Blades
37% Longer Lasting – Guaranteed

GROUND TOOTH BANDSAW - PROFESSIONAL USER

Precision ground, hard tooth, bright carbon steel bandsaw for high performance secondary wood processing. The razor sharp hook teeth allow maximum penetration, whilst the lightly set teeth reduce waste for superior yield and surface finish.

WIDTH & THICKNESS		hook E.T.S.	TEETH PER INCH	
inches	mm		hook raker set	
1/4 x .025	6 x 0.65		6	
3/8 x .025	10 x 0.65		3	4
3/8 x .032	10 x 0.80	3		
1/2 x .025	13 x 0.65		3	4
1/2 x .032	13 x 0.80	3		
3/4 x .032	19 x 0.80		2	3

GROUND TOOTH BANDSAW - HIGH VOLUME PRODUCTION

A specialist heavier set, hard tooth, bright carbon steel bandsaw for high volume production environments such as furniture manufacture and any other applications where high feed rates and output is crucial. The heavier set pattern creates extra clearance and allows contours to be cut more efficiently in a high output production process.

WIDTH & THICKNESS		hook E.T.S.	TEETH PER INCH	
inches	mm		hook raker set	
3/8 x .025	10 x 0.65		3x	4x
3/8 x .032	10 x 0.80	3x		
1/2 x .025	13 x 0.65		3x	4x

x Extra Set

* Available to Order

Additional Sizes Subject to Request

- > Fast, straight, precise cuts
- > Improved finish of sawn product
- > Razor sharp teeth
- > Loyal and supportive partner
- > Short lead time and responsive service
